[REDACTED] Ford also indicated Senator Stevenson would like a pre-briefing before his departure. I told Ford the Agency would be glad to set up these briefings and Ford will get me an itinerary as soon as it is finalized.

Ford also informed me the Committee had voted to grant Richard Pipes, Paul Nitze and Danny Graham, all members of the "B Team", access to the Senate Select Committee on Intelligence classified report on the A Team-B Team episode. Ford asked me the status of Graham's clearances and asked how long it would take to reinstate Pipes' clearances.

I also discussed the Director's letter to Senator Stevenson on the proposed public A Team-B Team Senate Select Committee on Intelligence report. I said there was some reservation in the Agency about a statement being made at all and that the DCI or Dr. Bowie, D/DCI/NI, might want to talk to Senator Stevenson about it. I told Ford I wanted to alert him to this and asked whether it was likely the paper would be released in the next couple of days. Ford said it would not be released that soon. I promised to get back to Ford on this.

3. [REDACTED] LIAISON Discussed with John Elliff, Senate Select Committee on Intelligence staff, the structure of the open session of electronic surveillance hearings on 21 July. Elliff indicated that DOD had specifically requested that there be a panel of DOD and Department of State witnesses with the DCI and I indicated I thought this would be satisfactory as long as the DCI wasn't detained unnecessarily. I reminded Elliff that the DCI had an 11:30 a.m. meeting that day. Elliff assured me the DCI would be excused when he needed to be.
